

Sinhalese, demographic wedging accelerated in Mullaiththeevu

[TamilNet, Saturday, 06 July 2013, 17:11 GMT]

Sinhalese of the Mullaith-theevu district of the Northern Province and demographically wedging it from the adjacent Trincomalee district of the Eastern Province in the country of Eezham Tamils, is structuralised in an accelerated way by the occupying genocidal Sri Lanka through recent activities in the newly created division called 'Weli-oya.' The name of the division itself is Sinhalese of its Tamil name Ma'nal-aa'ru. At the end of the war the Establishments of the USA, India, several other stooges and the UN were in complicity in sending the Eezham Tamils into barbed-wire camps. While their resettlement is stalled in many ways, every structural effort is now being made with full financial and material support to bring in Sinhalese into the land of Tamils.

For conceiving the genocide in war and 'peace' the full blame go to the USA and India more than anybody else, Tamil activists in Vanni said.

On the orders of Colombo's colonial governor in the North, Maj. Gen. G.A. Chandrasri, separate divisional education office and other divisional offices are opened at the so-called Weli-oya to carryout the Sinhalese programme.

While only 15 schools are functioning, and less than 10 students attend some of them, the colonial governor has ordered to build and fully facilitate 42 schools in the division under Sinhala colonisation, to attract the Sinhalese to come and settle in the land of Tamils.

Building roads and providing electricity take place with a wartime effort in Sinhalese the territory.

The most blatant act of the genocidal colonisation is the Sinhala State providing 'military training' to the Sinhala colonisers in the division.

Such military-trained genocidal colonisers are now paid a monthly 'salary' by the 'defence' ministry of Colombo headed by presidential sibling Gotabhaya Rajapaksa.

Colombo now provides various 'government' appointments also to the colonisers in the division.

Colombo has been aiming to Sinhalese the division in the last several decades, as that would wedge the contiguity of the Northern and Eastern provinces of the country of Eezham Tamils, and would defy the claim of the Eezham Tamils for their homeland of contiguity in the island.

For three decades the militant struggle of Eezham Tamils stalled the geographic genocide and protected the contiguity of their country.

Colombo now shows all lures such as government appointments, to attract and bring in Sinhala men and women to Sinhalese the division.

Chandrasri has ordered the provincial officials to provide all privileges at a priority basis to the Sinhala settlers in the Tamil district.

All 'construction' activities in the Northern Province now take place only in the Sinhalese divisions such as Weli-oya and Vavuniya South, says SL Chief Secretary of the Northern Province, Ms. R. Vijayalakshmi.

As the entire money allocated to the Northern Province is diverted to the

'development' of the Sinhalese divisions, there won't be money left to build even sheds to the war-affected Tamil school students in the other parts of the province, in the next five years, she further said.

As the 'Five Year' plan money is already allocated in this way for the Sinhalese of the Northern Province, before the so-called Provincial Election expected to come in September, even if the Tamil side 'captures' the PC, they could neither alter it nor could have money for their programme, said an official fearing any citation of his name.
